Re: File No. PSIC-D-2025-0878

Dear Mr. [REDACTED]:

This letter is in response to the submission of information concerning alleged wrongdoing in the federal public sector that you made to my Office on August 19, 2025, pursuant to subsection 33(1) of the *Public Servants Disclosure Protection Act* (the Act), and further to correspondence from my Office to you dated July 28, 2025, August 5, 2025, and August 12, 2025, regarding the same subject-matter. The purpose of this letter is to inform you of my decision not to proceed with an investigation into your allegations for the reasons outlined below.

Before I may commence an investigation based on information received from a person who is not a public servant, subsection 33(1) of the Act provides that I must have reason to believe that wrongdoing, as defined under section 8 of the Act, has been committed. I must also have reasonable grounds to believe that the public interest requires an investigation, taking into account sections 23 and 24 of the Act, which set out the restrictions and discretionary factors to be considered in deciding whether to commence an investigation.

I note that you previously made four submissions to my Office on substantially the same subject-matter - the administration and enforcement of *Aeronautics Act* and associated regulations by Transport Canada in relation to Pearson International Airport (file nos. PSIC-D-2025-0577, PSIC-D-2025-0722, PSIC-D-2025-0779, and PSIC-D-2025-0833). After a careful review of the information provided, there are no indications in this latest submission of any specific contraventions of any Act of Parliament or regulations that would warrant an investigation by my Office. The information that you have submitted does not establish sufficient grounds for further action. As such, the requirements under

subsection 33(1) of the Act have not been met and an investigation will not be commenced into your submission. Consequently, the file is hereby closed.

I do wish to thank you for taking the time to bring these concerns to my Office.

Sincerely,

A handwritten signature in black ink, consisting of several loops and a long, sweeping tail that curves downwards and to the right.
